FORD'S FOCUS

Welcome to tonight's Southern League Premier Division South fixture against Chippenham Town. I would like to extend a warm welcome to the players, staff, and supporters who have made the trip down to the Spiers & Hartwell Stadium.

We come into this game on the back of a fantastic win in our cup tie on Saturday. It was a thoroughly impressive, good all-round performance from the lads, and everyone involved should be proud of the shift they put in. While progressing in the cup was vital, what pleased me most was the application and execution of our game plan. However, that match is now in the past. The challenge for us tonight is to follow that result up with a continued improvement and maintain those high standards back in the league.

An enormous amount of credit for our recent performances must go to my backroom staff. I am incredibly fortunate to have such a dedicated, professional group working alongside me. My assistant, Alex Sykes, has been absolutely brilliant and a massive source of support to me personally. Alongside Alex, Dan, our head goalkeeping coach, continues to provide great insight while bringing a unique, valuable business perspective to our setup.

We have also strengthened our technical approach with Mike Byrne, who is here to add crucial detail to our in-possession play, while Steve Cook adds another fantastic layer to our coaching ticket, acting as a great go-between for us and the club's board. Finally, a huge thank you to our medical team, Liam and Abi. Their highly professional outlook keeps the squad in peak condition, and it is great to have them with us.

Enjoy the game, get behind the lads, and let's keep this momentum going together.

Enjoy the match!

Mike Ford

Manager, Evesham United FC

THE THOUGHTS OF THE CHAIRMAN...

Good afternoon, everyone, and a very warm welcome to our visiting committee, players, supporters, and officials for today's fixture from Chippenham Town FC.

As we look at the league table taking shape heading into this stage of the campaign, I am sure everyone connected with Evesham United FC is feeling immensely proud of the start we've made. Sitting proudly near the summit with 17 points from our opening 8 games is a testament to the hard work being put in behind the scenes, out on the training pitch, and crucially, by all of you in the stands backing the lads week in and week out.

That being said, football has a funny way of keeping you grounded. A quick glance at the standings shows just how fiercely competitive this division is this season. There is barely any breathing room from top to bottom, and every single point earned is hard-fought. We cannot afford to look too far ahead; our focus has to remain firmly match-by-match, performance-by-performance.

I'd like to place on record my personal thanks to our coaching staff, players, and our dedicated army of volunteers who keep this club moving forward tirelessly. Your dedication does not go unnoticed.

Let's get right behind the team from the first whistle today, enjoy the game, and hopefully celebrate another positive result together in the clubhouse afterwards.

Enjoy the match!

Up the Robins!

MATCH REPORT

Match Report: Belper Town 0 Evesham United 3

By Nick Hadley

The Robins advanced to the Second Qualifying Round of the FA Cup with a confident display at Belper Town Raygar Stadium. It was a deserved result, albeit the 3-0 scoreline might have made it look a little more comfortable than it actually was.

Evesham almost took the lead in the 3rd minute when Kai Churchley attempted an audacious shot from the halfway line that drifted narrowly wide of goal with Belper keeper Preston caught in no mans land. Belper responded to the early scare with a period of pressure of their own and their striker Harry Draper tried a shot from 25 yards that only just missed to the right with Robins keeper Beard at full stretch.

The lively Nailers wide men, Jack Rogers and Tavonga Kuleya, were their main threat but, rather like the Robins in the first period, promising moves broke down and neither keeper was much troubled. Possibly Preston, Belper's man between the sticks, was the busier of the two. For Evesham, skipper Awadh and Conteh were the main danger men, with Edwards and Bojang strong in defence.

The second half opened dramatically. After a threatening surge and cross from Belpers Eccleshall was well cleared by Richards, Evesham took the lead in the 48th minute. Kai Churchley finishing clinically with a shot under the keeper after being played in on the left of goal by a brilliant ball over the Nailer's defence by left back Owen Foye.

This signalled a period of Evesham dominance and Churchley almost increased their lead in the 50th minute with a curling 20 yard left footed effort well saved to his right by the diving Preston. Belper responded well and their second half substitutes, Gratton and Ayetine, started to trouble the Evesham defence, but the pattern of failing to convert danger into clear chances continued to let the Derbyshire side down.

The Robins retained a genuine threat on the break particularly via second half substitute Obieri, but in the 83rd and 85th minutes Belper missed their two best chances of the game. First Ayetine rolled an inviting cross along the Evesham goal line that agonisingly eluded all the Belper attackers and then Kureya wriggled free in the box but had his low shot brilliantly kept out by a sprawling Beard.

The Robins then ruthlessly punished these glaring misses. In the 88th minute, Obieri hit the bar from long range and the ball cannoned back to Nailers centre half Keenan who, attempting to clear, unluckily put the ball through his own net instead, the ball going in via both posts. Then, in the 95th minute, Obieri scored a stunning third goal for Evesham. He twisted and turned the Belper defence before curling in a 25 yard shot that flew into the top right hand corner of Preston's goal.

The Robins now await their opponents in the FA Cup Second Qualifying Round with the draw set to take place this Monday lunchtime.

MATCH REPORT

Redditch United 3 vs Evesham United 0 – Saturday 19 th September **Emirates FA Cup 2 nd Qualifying Round** **Match Report by Simon Purfield**

Evesham United travelled to Redditch United for a Worcestershire derby in the FA Cup Second Qualifying Round on Saturday, suffering a 3-0 defeat with all three goals arriving before half-time.

After a quiet start, Redditch opened the scoring in the 13th minute when Szhem Whyte-Hall headed Harrison Hazard's cross into the bottom corner.

Evesham's first effort on target came five minutes later as Kai Churchley struck from the edge of the area, but Rory Brown saved comfortably. Redditch nearly added a second shortly afterwards when William Fielding's header from a Whyte-Hall cross was tipped away by Oscar Varney.

Churchley remained a threat and delivered a dangerous low cross in the 27th minute, but no one could convert. Redditch doubled their lead three minutes before the break when Alex Foreshaw tapped in after Hazard's free-kick glanced off Owen Foye's head. Hazard then went close himself before Fielding was denied from close range.

Deep into first-half stoppage time, Danny King headed home another Hazard corner to make it 3-0.

Evesham changed shape at the interval in an attempt to get back into the game. Following a subdued opening to the second half, Churchley burst down the right but fired over from a tight angle. King then threatened again for the hosts.

Evesham's best chance came on 64 minutes when Josh Barlow's cross found Foye at the far post, but the defender headed over. Redditch continued to create opportunities, with Ioan Richards clearing a Fielding effort off the line with 12 minutes remaining. Jeval Thompson-McKenzie later shot narrowly wide before Aaron Bishop saw a close-range effort blocked.

In the final minute, substitute Sopuru Obieri latched onto a long ball from Foye, shrugged off a defender and shot wide. It was a disappointing display from Evesham, ending a three-match unbeaten run and rarely troubling the Redditch defence. Redditch progress to the Third Qualifying Round for the first time in 15 years, while Evesham now turn their attention to next Saturday's FA Trophy home tie against Stratford Town.

CLUB HISTORY

“The Bluebirds”

CHIPPENHAM TOWN FOOTBALL CLUB: 1873 – 2026

Note: For programme space reasons, the full Chippenham Town FC history covering the Club's earlier years prior to its promotion to the National League South, can be found on the website accessed via the following link:

<https://chippenhamtown.com>

Season 2017-2018, the Chippenham Town's first in the National League South, was about consolidation as the side adjusted to a markedly different pace and quality of football. Changes in the management team also ensued and having hovered around the lower positions for some weeks, a late run of form meant the Bluebirds finished their first season in a creditable thirteenth place. In the Wilts County FA Senior Cup, performances ensured an appearance in the final of the competition against Highworth Town. The game, played at the Swindon Town FC's County Ground, saw the Bluebirds lift a second piece of silverware in successive seasons, courtesy of a 3-0 win.

Season 2018-2019 was the Bluebirds second season in the National League South with consolidation and avoiding 'second season syndrome'; the main aim. Things were not helped

with injuries or unavailability to eight key players, several of them long term but despite that we again finished thirteenth in the League with one more point than our inaugural season. The biggest disappointment occurred in the FA Cup. Having held National League side Maidenhead United to a 1-1 fourth qualifying round draw, we lost the replay in Berkshire 1-0 after seeing two goals harshly ruled out for offside and being reduced to ten players. Hence, we also missed out on a lucrative televised home tie against high flying Portsmouth in the First Round Proper.

The 2019/20 season saw our one hundredth season at the Thornbury Surfacing Ltd Stadium Hardenhuish Park, having first kicked off here on 20 September 1919 when we played Spencer Moulton, the game ending in a 2-2 draw with gate receipts of £10! Despite a good run to the First Round Proper in the 2019/20 Emirates FA Cup where a 3-0 home defeat against Northampton Town ended the Club's interest, ongoing League performance was worrying with the Bluebirds hovering just above the relegation positions. It was decided a change of management was due and in early 2020, Mark Collier, who had managed the side for some six years, was replaced by Mike Cook and his team. This change injected a new impetus and after a shaky first couple of games under the new manager, the Bluebirds went on an unbeaten seven game run lifting them to twelfth place before the season prematurely ended on 16 March due to the Coronavirus pandemic, the last game of the season turning out

CLUB HISTORY

to be a creditable single goal home draw against the eventual National League South champions, Wealdstone. Final resolution of the league, on a points per game system, however, reduced the club to fourteenth slot.

Summer 2020 witnessed the Coronavirus pandemic's grip tightening. Eventually, the season commenced in October albeit with games played behind closed doors and clubs having to develop Covid protocols governing the conduct of fixtures and the safe return of spectators. The situation eased sufficiently to allow restricted numbers of spectators to attend the Boxing Day home fixture with local rivals, Bath City, before a second Government lockdown meant behind closed door fixtures resumed. The ongoing financial impact caused by the absence of fans coupled with a cessation of Government grant funding at the end of 2020, meant that several National League member clubs, including Chippenham Town, found themselves increasingly financially unable to fulfil their 2021 fixtures. The Club was eventually charged under National League Rule 8.39 for failing to fulfil four fixtures and subsequently fined £8,000 with a suspended 8-point deduction carried over to season 2021/22 in the event of a similar breach. In the worsening financial climate, the National League asked member clubs to vote on the continuance of the season. The National Division continued whilst North and South Divisions were ultimately declared "null and void". This declaration did not negate the Rule 8.39 sanctions which the Club took to a FA Appeal hearing but lost.

Season 2021/22 witnessed the return of a full league programme and culminated in the Club's highest ever place, finishing seventh in the National League South and clinching the final play-off place in the last game of the season. But before that happened, a change of management with a handful of games to go saw the departure of Mike Cook and his assistants. Ex-Bluebird, Gary Horgan, was invited to take over as manager and Matt Coupe was subsequently appointed his assistant. A tough run-in lay ahead with the Bluebirds having to play virtually all the sides in the play-off positions. To secure their own play-off finals place, they needed to win at Havant & Waterlooville while the home team needed a minimum of a draw. A 0-2 victory for the Bluebirds saw them justifiably steal seventh place to earn an away play-off Eliminator at Dartford. On a Thursday evening, a tight game with no score at ninety minutes and still goalless after extra time, went to penalties which the Bluebirds eventually won 2-3. No respite, though, as three days later they were back to Kent for the play-off Semi Final at Ebbsfleet Utd. Another heroic performance saw the goals once again remain stubbornly absent at ninety minutes and another extra time loomed. This time, however, the lottery of the penalties was avoided as Ebbsfleet, in the first half of extra time, scored the only goal of the game to earn themselves a place in the play-off Final. So, a hugely successful season for the Bluebirds was over but this was one for which they could be justifiably proud.

Season 2022/23 had a slightly different ring about it. Having once again finished mid-table in thirteenth place, this was a season that saw the side flirt with the relegation positions for a period. A final unbeaten run of twenty games in the run up to the Season was well-timed and elevated the Club to mid-table safety. The league exploits contrasted with the FA Cup, however, where the Club made it to the Second Round Proper for the first time in its history. Having beaten Lincoln City in the First Round Proper at home one-nil in front of an almost capacity crowd the next round heralded an away visit to Burton Albion. A six-one defeat brought the Cup run to an end but the record books won't reflect that this was by no means a stroll for the home side as even though the scoreline might not reflect it, for large parts of the game the Bluebirds more than held their own.

CLUB HISTORY

So on to Season 2023/24. A slower start saw the Bluebirds finally finish twelfth when an unmanageable away programme had them travelling 800 miles in a week to squeeze in rearranged fixtures, some at the second or third time of asking, because of the weather. This punishing final flurry of games possibly deprived the side of a last place play off finish but who's to say? Exits from the FAC and FAT competitions were offset though by the Club winning the Wiltshire County FA Premier Shield competition after two byes and playing only one game in the run up to the final. This was a positive finale to the season.

Season 2024/25 was mixed. On the road performances were better than home as the season got underway and things largely stayed that way as it continued. Early cup competition exits did nothing to lift spirits. In the end, however, league performance eventually saw the Bluebirds ending the season in mid-table fourteenth place in what was probably a fairly non-descript season.

Season 2025/26 was not a happy one as the club experienced the disappointment of relegation following a season in which the Bluebirds won only one game away from home accompanied by a series of lacklustre home performances and disappointing cup runs which ended the Club's eight year run in the National League South. The lack of winning games saw the Bluebirds flirting with the drop for some months and although performances picked up in the season's later stages, they weren't sufficient to avoid relegation. It must be said, however, that there were no games where the side was badly outplayed, although a series of added time defeats did nothing to help the points tally.

JUST the mere mention of the upcoming international break sends colleagues from our sister title The Football League Paper into a cold sweat. The thought of two Saturdays without any Championship football along with less than half of the scheduled League One programme is enough to induce sleepless nights as they contemplate quite how to fill all their pages. To make it worse, even some League Two games have been postponed because of call-ups, so how much longer will it be before National League games are under threat too? The good news is The FLP team will produce great papers worth reading in the new reality of two international breaks – September and October – squashed together. The move was approved in March 2023 with the later than usual 2026 World Cup finish because the tournament expanded – remember that bright idea – to reduce the number of journeys around the world so many players have to take. It means England and Wales will be playing four games in this window rather than the usual two and the shutters come down on the top two divisions in England effectively for three weeks. Step into the limelight. Non-League football. We all know about the rip-roaring success of Non-League Day, founded by James Doe to encourage fans to their local Non-League club when both the Premier League and Championship are on hold. This upcoming break is a great opportunity to get out the Non-League Day textbook and entice fans through the turnstiles. A lot of match-going fans will be starved of their usual fix but still keen to see some live action. It has to be said, watching Non-League football – particularly in the National League – is becoming more expensive in some cases. Many Step 1 clubs charge north of £20 now – and car parking fees seem to be on the rise too! You have to go a bit further down to Pyramid fulfil the cliched twenty quid gets you in the ground with change for a burger and a pint. Of course, costs have gone up across the board. All businesses are feeling the pinch and it's never been more expensive to run a football club. But great value days out still reign supreme in Non-League. So let's see top special offers, the 'kids go free with an adult' deals, the extra events around the game that draw supporters in. Forward-thinking clubs are working out how to get fans to their grounds earlier and keep them there longer. While Wales' weekend games are on Sundays, England do play on Saturdays but, crucially, at 7.45pm and 5pm – ideal to get people in the ground for a 3pm game, then keep them on for a couple of pints and some evening football on the box (starting with England v Spain tonight), while bringing in valuable revenue before the winter months. And also keep showing what a great level of the game this is.
